# Troubles

Fixing  
common  
issues  
with  
Expo  
Router  
setup.

EXPO\_ROUT

## not defined

If  
`process.env.EXF`  
is not  
defined  
you'll  
see the  
following  
error:

This  
can  
happen  
when:

-  On this page
- EXPO\_ROUTER\_APP\_ROOT not  
defined
- require.context not enabled
