Push notifications

Overview

Setup

Push notification setup

Learn
how to
setup
push
notifications,
get
credentials
for
development
and
production,
and test
sending
push
notifications.

To
utilize
Expo's
push
notification
service,
you
must
configure
your
app by
installing

a cat of

On this page

Prerequisites

Install libraries

Add a minimal working example

Configure projectId

Get Credentials for development builds

Android

iOS

Test using the push notifications

tool
