  indexedContent={[
    'A $35 connection fee applies per line. Fee includes a SIM
card and access to a TELUS team member to process your
activation or renewal along with other exclusive TELUS services.
You can offset your connection fee by up to $5 by signing up for
pre-authorized payments. Not stackable with any other pre-
authorized payments offers. For more details, please go to
telus.com/mobilityfees. A one-time Connection Fee will be
charged per subscriber on all activations and renewals. The fee
is $35 for smartphones, smartwatches, tablets, Smart Hubs, Drive
+, Wireless Home Phone, and Internet keys. The fee will be
automatically billed and will appear on the first or next
invoice. A $35 credit will appear for all Fleet, Business
Connect and HSIA wireless back up activations and renewals on
the first bill.',
    'Only available on a TELUS Easy Share Platinum plan starting
at $110/mo. Offer applies to new TELUS Business customer
activations. Not available for Consumer accounts. Ask a TELUS
representative for other eligibility requirements. Offer
available for a limited time and is subject to change without
notice.',
    'Subject to approved credit. Not available to customers on
the credit limit program. Returned device must be in good
working condition or you will be responsible for the difference
between the Bring-it-Back program amount and the lower trade-
in value for a device that is not in good working condition Trade-
in standards published at the time a device is returned will
appy. Applicable sales taxes are calculated at time of purchase
on the full purchase price. You will not be charged tax on the
Bring-It-Back Program Amount if you chose to keep your device
and pay back the Bring-It-Back Program Amount at, or before, the
```

```
   end of the 24 month term. Bring-It-Back program is only
   available while you subscribe to mobility service. If mobility
   service is cancelled before the end of the term, the Bring-It-
   Back Program Amount will be charged to your TELUS bill.'
    ]}
   nonIndexedContent={[
      'Pricing does not include applicable taxes or pay-per-use
   charges.',
      'Certain conditions may apply. TELUS reserves ther ight to
   modify prices and eligible rate plans with this offer at any
   time without advance notice.'
    ]}
  />
```

Introduction

Use TermsAndConditions to display important legal content.

[Follow the appropriate instructions](#) to add this component in to your app.

Guidance

- Display before the page footer, except for call-to-action callback cards
- Responsive display based on breakpoints
- Use `copy` to set language, `'en'` for English or `'fr'` for French

Accessibility

TermsAndConditions accepts standard accessibility attributes and applies them to the outer container. Moreover, the component itself is composed of accessible components, which provides accessible experience overall.

Custom `dictionary` values

`TermsAndConditions` has a default dictionary with the following schema and values:

```
{
  "en": {
```

```
      "headingHide": "Hide terms and conditions",
      "headingView": "View terms and conditions",
      "nonIndexedTitle": "The following applies to all terms and
  conditions above"
    },
    "fr": {
      "headingHide": "Masquer les modalités et conditions",
      "headingView": "Voir les modalités et conditions",
      "nonIndexedTitle": "Ce qui suit s'applique aux modalités et
  conditions ci-dessus"
    }
  }
```

However, `dictionary` prop can be passed to override the default values. Note that when you override the default `dictionary` by passing the prop value, it has to be a complete object fulfilling the schema defined above, both for `en` and `fr`.

⌄   **Custom text to hide terms and conditions**

```
<TermsAndConditions
  copy="en"
  dictionary={{
    en: {
      headingHide: 'Custom text to show terms and conditions',
      headingView: 'Custom text to hide terms and conditions',
      nonIndexedTitle: 'All terms and conditions title'
    },
    fr: {
      headingHide: 'Texte personnalisé pour afficher les termes
et conditions',
      headingView: 'Texte personnalisé pour masquer les termes
et conditions',
      nonIndexedTitle: 'Titre de tous les termes et conditions'
    }
  }}
/>
```

Platform considerations

This component is currently only supported on web.
